# ABOUT THE EVENT

Community Youth Camp presented by The Columbus Foundation has welcomed 410+ campers in four years. The four-day camp gives kids entering grades 1–5 the chance to play more than a dozen sports in a fun, inclusive environment. They build skills, gain confidence and learn lessons that carry over to daily life.

For those that need help, we share the ball. In 2024, 90% of campers received full scholarships. We are committed to providing these opportunities, as research indicates active children have higher test scores and improved self-esteem.

In 2024, we added four one-day clinics alongside major sports events in Columbus. It's another way to impact the community and bring kids close to the action.
